This year, the Terminus staff would like to dedicate the 1986-87 yearbook to a serious partier, Wayne Barker, head of security here at SHS. Wayne has been here for ten years, and we all love his firm facade, even though underneath we know he has a heart of gold. Wayne always finds time to banter with a student and be a very friendly guy.

Yet as easy going as Wayne may be, when it comes down to doing his job, he really goes all out. A lot of times he'll let things slide, but if a person really starts to get out of hand, he'll straighten them out. So for everything you do, this year's book is dedicated to you, Wayne.

Wayne is remembered in the ``87'' yearbook.

The yearbook staff and the student body would also like to dedicate this book to the memory of sophomore Kurtis Roberts. Kurtis was the victim of an auto accident on November 10, 1986. He and five others were in the car when the driver lost control, and Kurtis lost his life. A memorial to Kurtis is on page 250.

ANIMALS DO PARTY TOO

During the 1986-87 school year here at Sparks High, we had a little fun with our Party Animal bears. All of us on the yearbook staff called them Cuboose and Lolamotive. Cubby and Lola for short. Get it? Parts of a train. They were so helpful by letting us take their pictures; they even posed for a few fancy shots. Our bears were part of our theme, Party Animals, along with alot of other animals such as monkeys, dogs, pigs, birds, lions, etc. They're all animals and they like to have fun, just like all the students at Sparks High school.

1. Andy the orangutan looks ready to stop partying.
2. "Peek-eye". Says the hungry hippo.
3. Jeremy Wilson and Bobby Butler get ready to catch a water balloon during the homecoming fun.
4. Tonya tiger is having a growling time.
5. Cuboose brings a smile to Sylvia Sambranos face.
6. "I couldn't bear to be seen."
7. Little piglets pig-out.
8. Brian Langum having fun drawing.
9. Melvin Mouse is eyeing some cheese.
10. Cuboose shows his party tan.

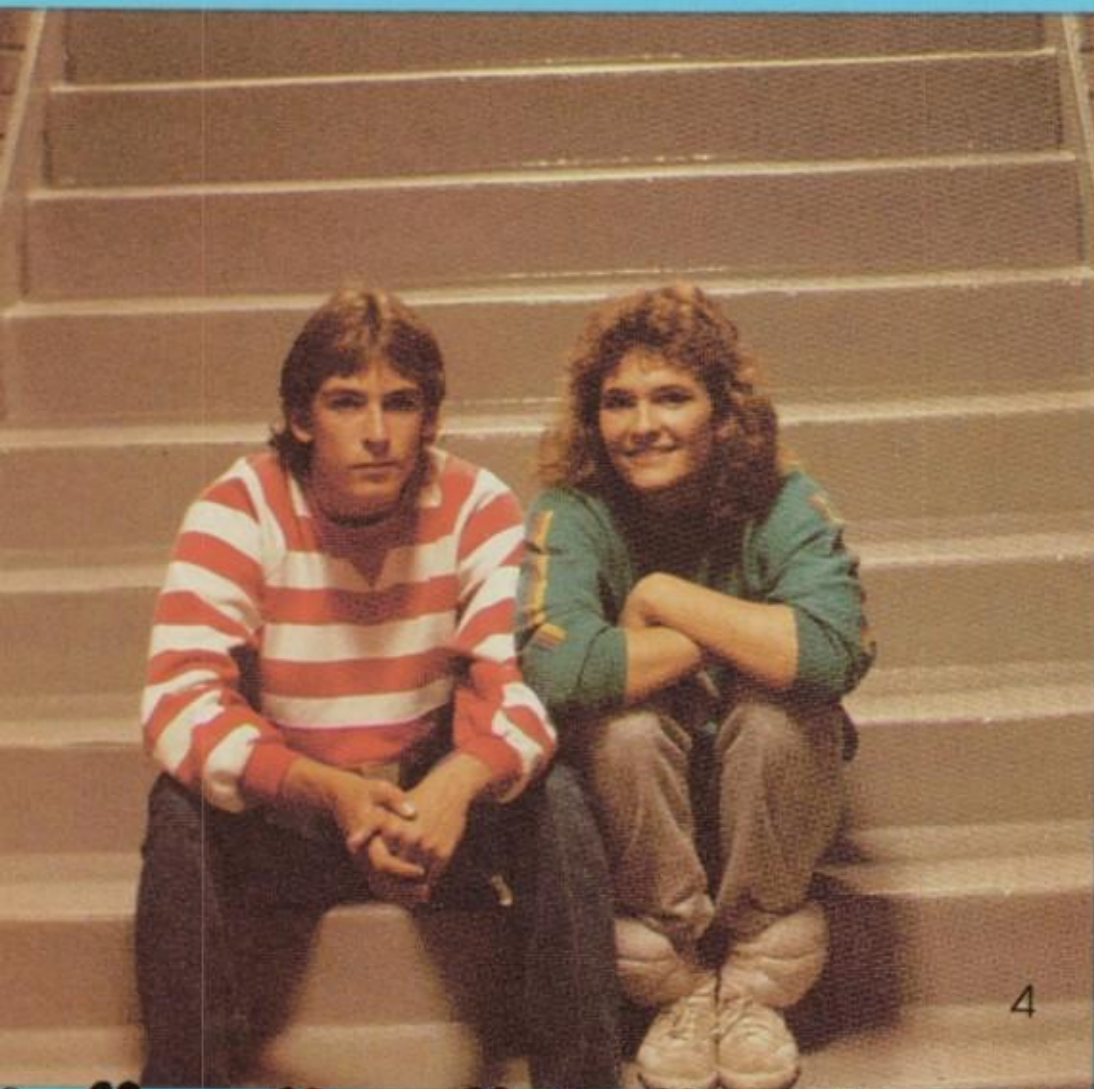

PARTYING WITH SHS IS THE BEST

Cool breezes and blue skies were a terrific background to start off the school year. All around, people were laughing and having a super time, getting reacquainted after spending an entire three months kicking back. Students were found in every corner, smiling and having as much fun as possible.

Cuboose was always on hand, showing off his casual "Hey dude, let's party" attitude, making sure everyone was happy, and keeping up on the latest gossip.

Yet even through the partying, studying and learning were still the most important. Students diligently threw themselves into their work, so later on they could take a break. Teachers were caught up in the good times too, but they never forgot homework assignments.

There were always the breaks between classes to look forward to, especially the break between 4th and 5th period. Oink out time.

1. Cheri McCombs and Jeremy Wilson show us their party looks.
2. Cuboose takes a rest after playing the host at SHS.
3. "You've got to be kidding?" Denise Howard, stunned at the weekend party plans.
4. A favorite couple, Don Ross and Ann Schroeder sharing a quiet moment.
5. A couple of skaters give us a show.
6. Dan Scurlock goes koo-koo over Lola bear.
7. Party bird Flaming Amy.

Special activities always seemed to bring everyone at Sparks High together. Whether it was a game, homecoming week fun, a bonfire, or even the everyday schedule, it all comes back to team work. People pulling together makes it easier to see all the new.

- 1) Cuboose and pals monkey around.
- 2) Rhonda the rabbit takes a rest.
- 3) Tracy Golden and Shannon McDonald share a smile.
- 4) Students participate in hall decorating.
- 5) "Anybody home?"
- 6) The bonfire was a huge success.
- 7) Zona the zebra; modeling for a living.
- 8) Shawna Purdy looking confused.
- 9) Shani Nichols gives us the cold shoulder.
- 10) Lola gets gussied up for a formal party.
- 11) Seniors get down and funky.
- 12) Drill team kicks them high in the sky.

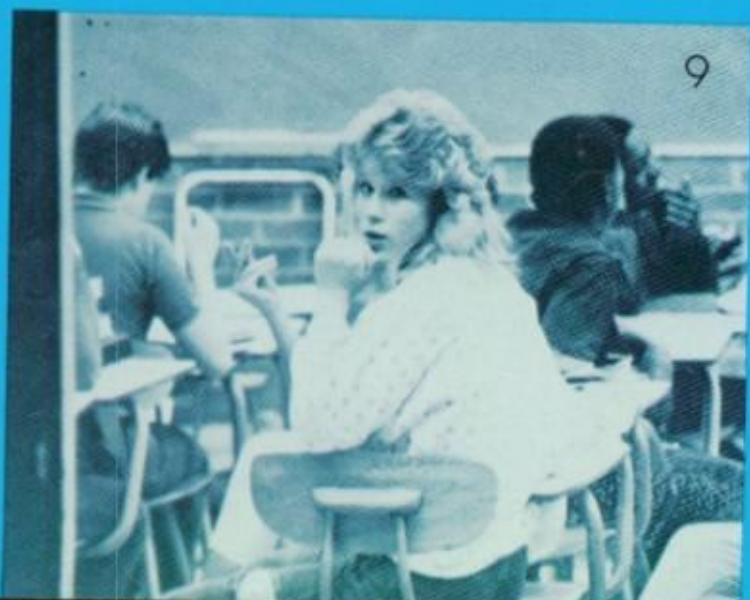

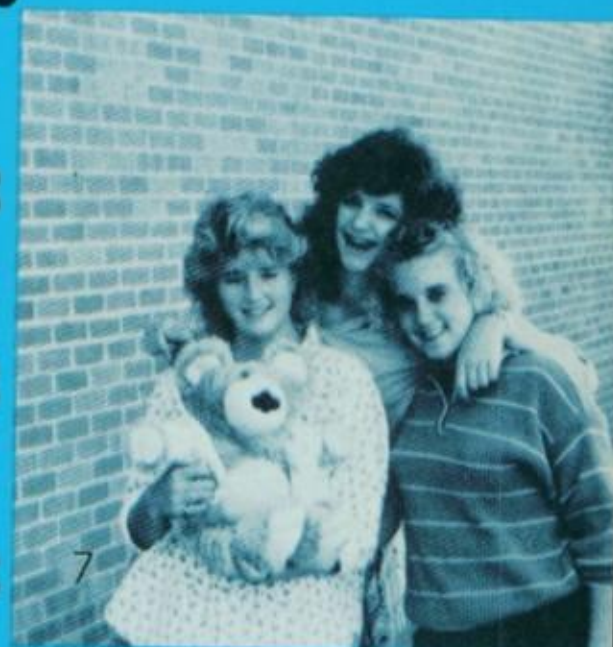

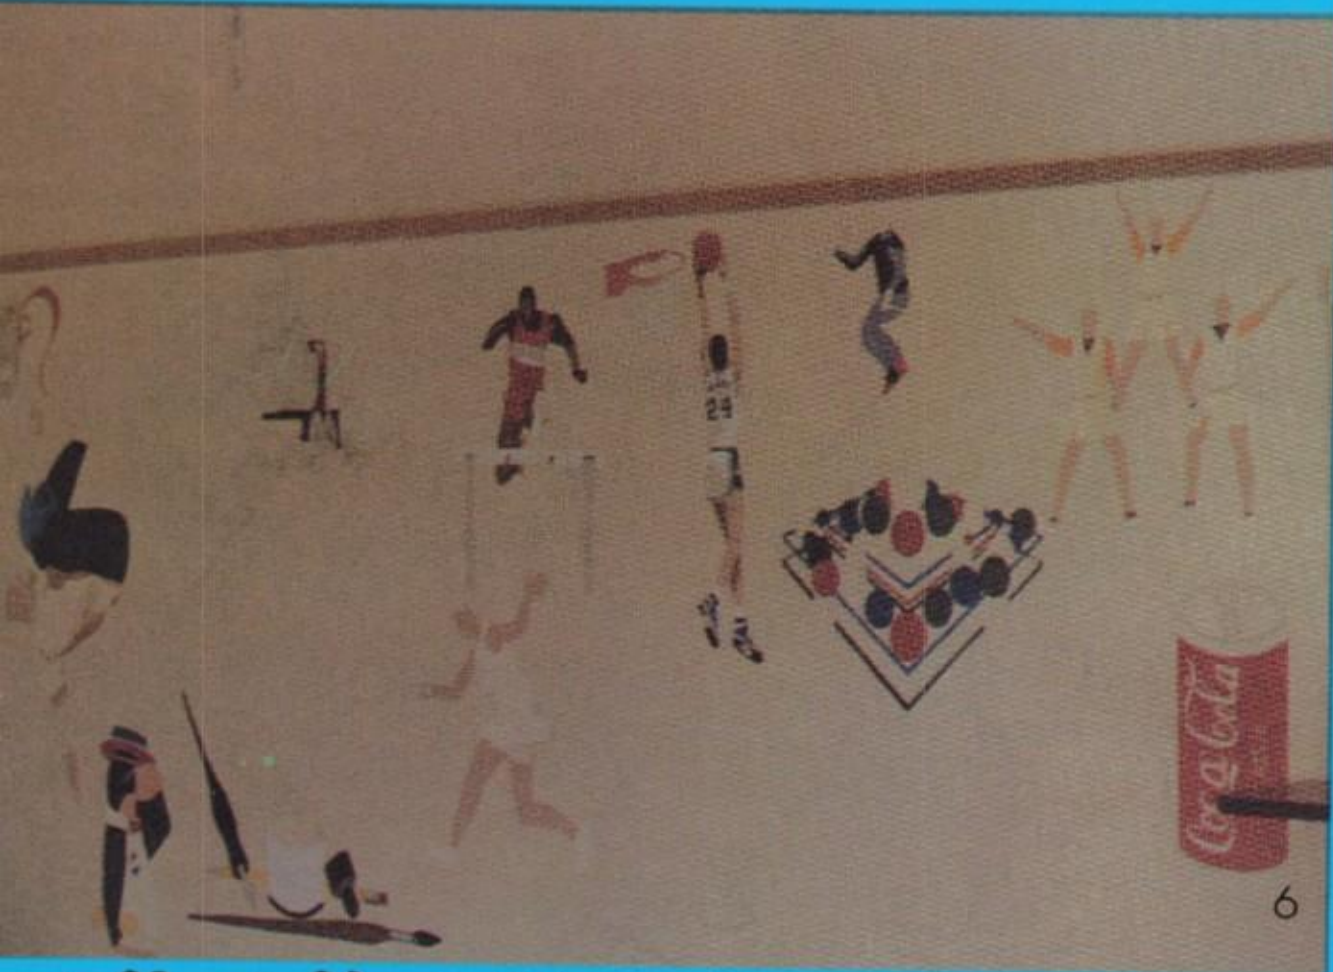

NEW ANIMAL PARTY SITES ARE POPPING UP FOR ALL OF US ITS SUCH GOOD LUCK

This year, Sparks High really spoofed up. Many changes took place, much to the happiness of the student body. During the summer, the entire lunchroom was remodeled. Individual booths and tables were set up, a new food menu with many favorites to pick from was established, and a jukebox with this years hottest hits so the students can bop and rock. Artists also painted a mural in the lunchroom showing sports figures, cartoons, and fun pictures. Between B and C hall, picnic tables were put out for students to enjoy fresh air while eating. The student store opened for business, selling everything from suckers to sweatshirts. Everyone felt great to be a part of the "New Attitude", and had alot of fun. Especially at lunch.

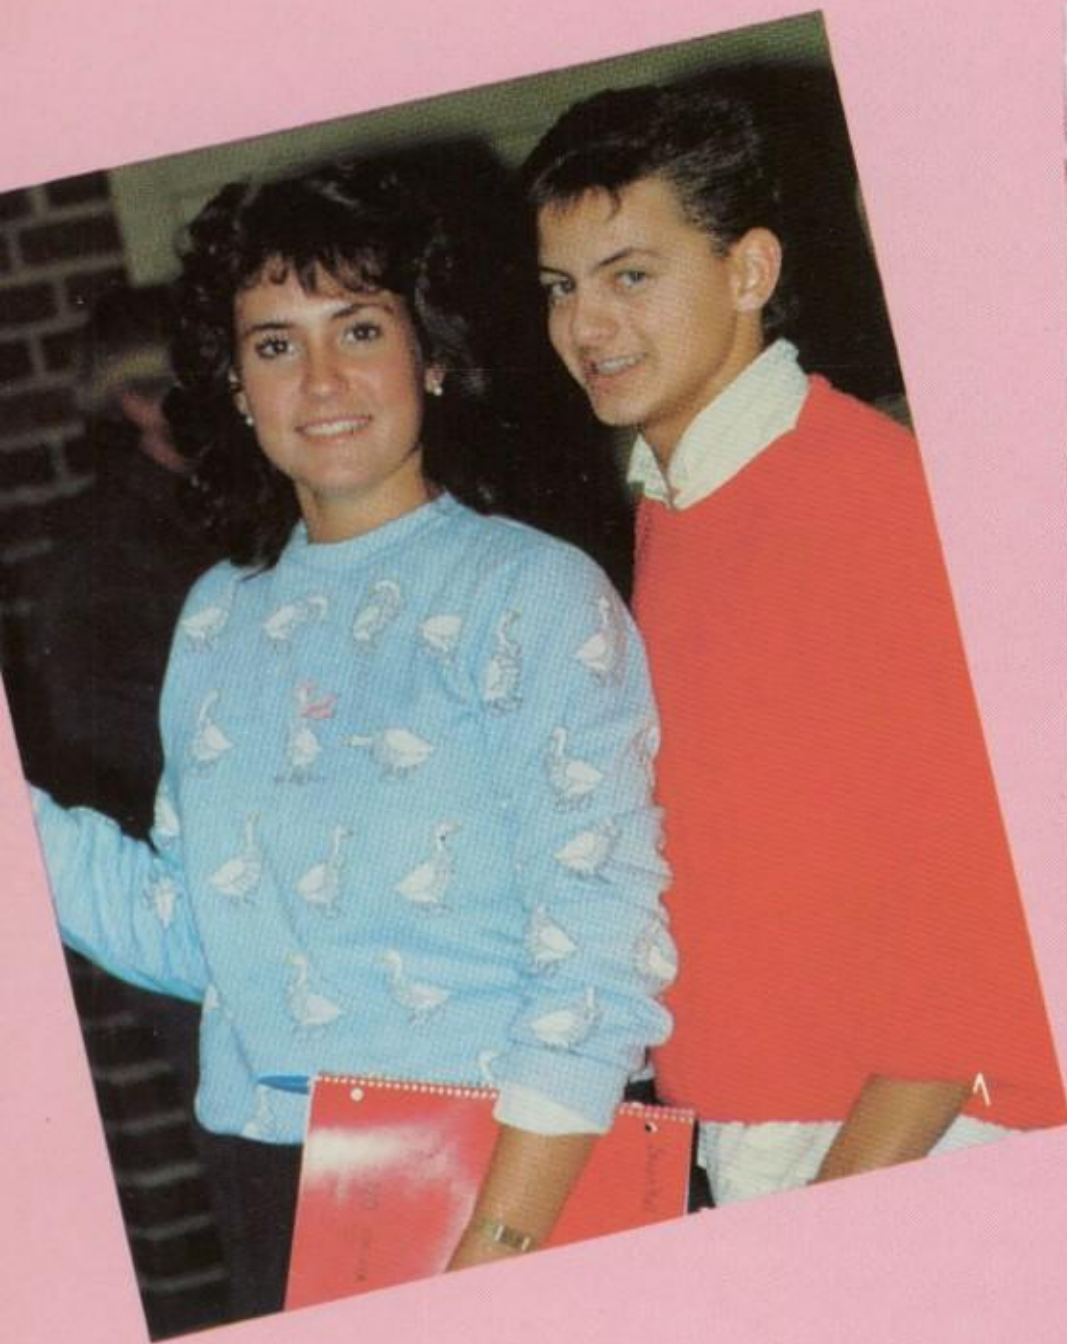

1. Students pig out in the newly decorated lunchroom.
2. Picnic tables between B and C hall attract partyers who need a "quiet break."
3. Cuboose learns to drive like a "he-bear."
4. Daphne Doe poses for a picture.
5. Students stop at the student store to buy some party favors.
6. Sports figures are portrayed in the mural.
7. Ronda Gillespie, Debi Wells, and Marie Lang give Cuboose some T.L.C.
8. Cuboose knows the class who has the most fun.
9. Jennifer Osbourne, caught sneaking peaks instead of listening to her teacher.

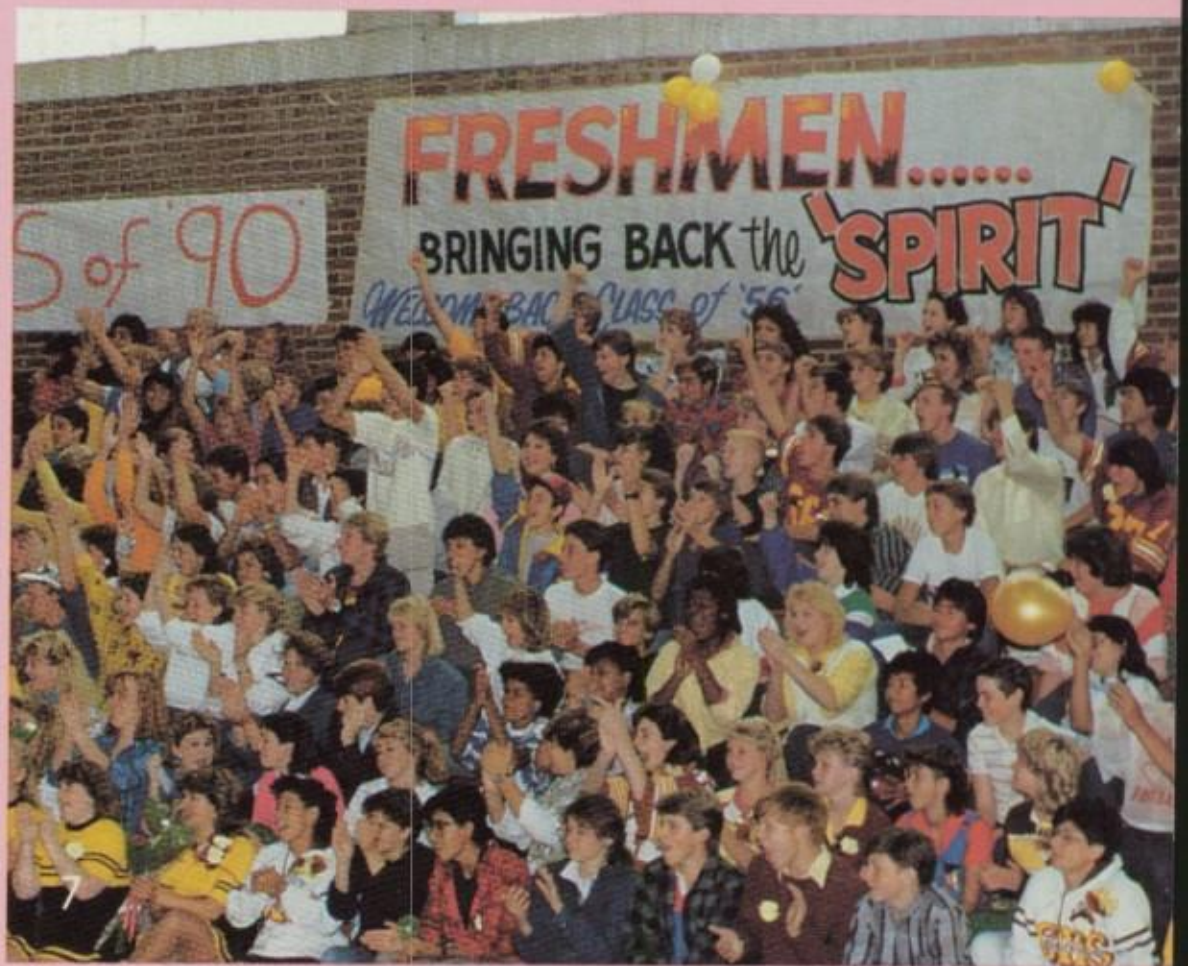

PARTY ANIMALS OF 87

The 1986-87 year was full of happy memories. School spirit was booming, and everyone had a lot of fun being a part of the "New Attitude." For seniors, it was a happy time, with expectations of the future and plans of making this year the best it could be. For freshmen, it was a time of learning the ropes of high school life. Yet for everyone it was a time for parties and friends, for hellos and goodbyes, for memories that will last forever.

1. Tiffany Annand and Ben Bledsaw grin and bear it.
2. Cuboose dons his party threads.
3. Mrs. Bergmann shows off her classic Thunderbird.
4. Camella the camel has an afternoon snack.
5. Senior class of 87.
6. Ophelia the ostrich enjoys being chased by men.
7. Freshmen class of 90.
8. Cuboose just loves to hang around and do nothing all day long.
9. "Here I am." Dorine Dory poses for the camera.

Happy faces and party places were all the rage this year. People were always looking for something new to do. There were the balloon and camel races that were held on September 6th and 7th. President Ronald Reagan held a rally at Lawlor Events Center on Thursday, October 30, on behalf of Jim Santini. Students from all over Washoe County attended to see President Reagan speak on bolstering republican awareness.

Students enjoyed the different activities throughout the year, yet they still found that school was the best place to be.

1. Running waters aplenty.
2. One of Sparks High's long time couples, Scott Jasper and Becky Dunning embrace for a tender moment.
3. Cuboose hangs loose and plays it cool.
4. The Burger King balloon looked so good it made your mouth water.
5. Penelope Parrot flaunts her flashy feathers.
6. President Ronald Reagan paid a visit to our rocking Lawlor Events Center for a Republican rally.

5. Students get together to have a real earth shaking, brainstorming session.

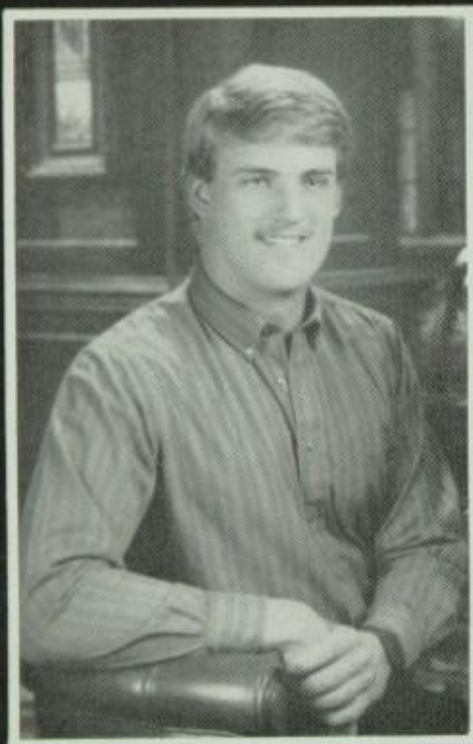

The Academic Olympics Club is full of real hard core partyiers. It is a team made up of 11 very brainy students who compete in competitions against other schools in the Washoe County District. They are asked questions from 8 different categories consisting of: Current Events, Economics, Government, English Literature, Fine Arts, History, Geography, Math, Science, and Miscellaneous. Each subject has a 10 to 50 point value. The students try to score more points than the other team by answering more questions. They all enjoy showing off what they know. Mr. Norris, the advisor, enjoys watching the students use their noggins.

PaPa and mama bears joining the crazy party

animals of 86-87

This year's open house was outrageous! There was a lot of activities going on during the open house. Santa was there with drill team. Also, ROTC color guard performed and the choir. Teachers and students sold their own goods. Some sold sparks sweat-shirts, candies, cookies, cakes, and computer stationery. Some students from ceramic class show their skills on how to work with clay. Other students displayed other arts, such as drawing, paintings, and leathers.

Altogether open house was a great success this year.

1. Mrs. Wilken and Mrs. Batchelder sold their goods to help the scholarship fund.

Bearfooting in the park

The play "Barefoot in the Park" kicked off with a wild first night on December third. That opening night when the fire was lit it really caught on fire but the cast handled it well! Yet that wasn't all they handled well the acting was great and the time they put into it obviously payed off. The play was good, extremely funny, and probably one of Spark's best. Although the crowd wasn't as big as expected, it was large enough. One thing they could have done to increase the turnout was to increase publicity. More people would have shown if they had known more about it.

The play basically was about two newlyweds Corrie (Leah Wagner) and Paul (Sean O'Bannon), who have just moved into a cheap New York flat. that has a hole in the Skylight, and plumbing that runs backward. It also has five flights of stairs. Paul who is a lawyer gets his first big case, and Corrie is upset because they were going to spend the evening together. Just when everything is going wrong Corrie's mother shows up. The mother, Ethel Banks (Rachel

Koski) is a bit of a fudey dudey and tries to be happy for her daughter, even though she did leave her all alone in New Jersey. Corrie invites her mother to dinner when in comes Mr. Volasco, the crazy man who lives upstairs, known as the Blue Beard of New York, inviting himself to dinner. It just so happens, he is coming to dinner the same night as Corrie's mother.

Friday rolls around and Paul tells Corrie that the evening she has planned is going to turn up in shambols. Corrie's mother shows up all out of breath threatening to kill herself because the stairs are too high, little does she know, she has a date with Mr. Volasco; she thinks she is having dinner with Paul's parents. Corrie tells her mother she has the blind date and Ethel gets upset. Mr. Volasco, trying to flirt with Ethel, suggests going to Staton Island for dinner. After dinner Ethel is very tired and cold, so she decides to go home and die in her own bed. Mr. Volasco offers to take her home, so Ethel leaves with a strange man she doesn't know. Next Paul and Corrie get into a fight with Corrie screaming for Paul to change his attitude. That evening sleeps on the couch as snow falls through the skylight.

The next morning Paul leaves and Corrie gets worried because she can't find her mother. Finally her mother walks through the door wearing a nightie, she had slept upstairs with Mr. Volasco. Corrie and Ethel talk about Paul, and both decided that they should change their attitudes also. In the meantime Paul has gone down and gotten drunk. He walks through the door and says that he has been walking 'Barefoot in the Park'. The Ironic thing is that everyone changed to please the other. Paul became more open and carefree to please Corrie, While Corrie mellowed just to please Paul. And Mr. Volasco acted older to please Ethel, While Ethel decided it wasn't so much fun to be old and acted younger to please Mr. Volasco.

In all it was a great play well done.

This year the Christmas assembly was fantastic, we had all kinds of activities. Such as, the brothers and sisters or sisters and sisters or brothers and brothers donut contest. There was a contest on opening Christmas presents in it, there were many obstacles in the way. There was a Christmas tree decorating contest. Also, in all the contests there was a person from each class to participate. The drill team displayed their version of silent night. It was touching it left a feeling of peacefulness. Another example of Christmas spirit was the choir, they sang a number of Christmas songs. It felt like everyone was really close.

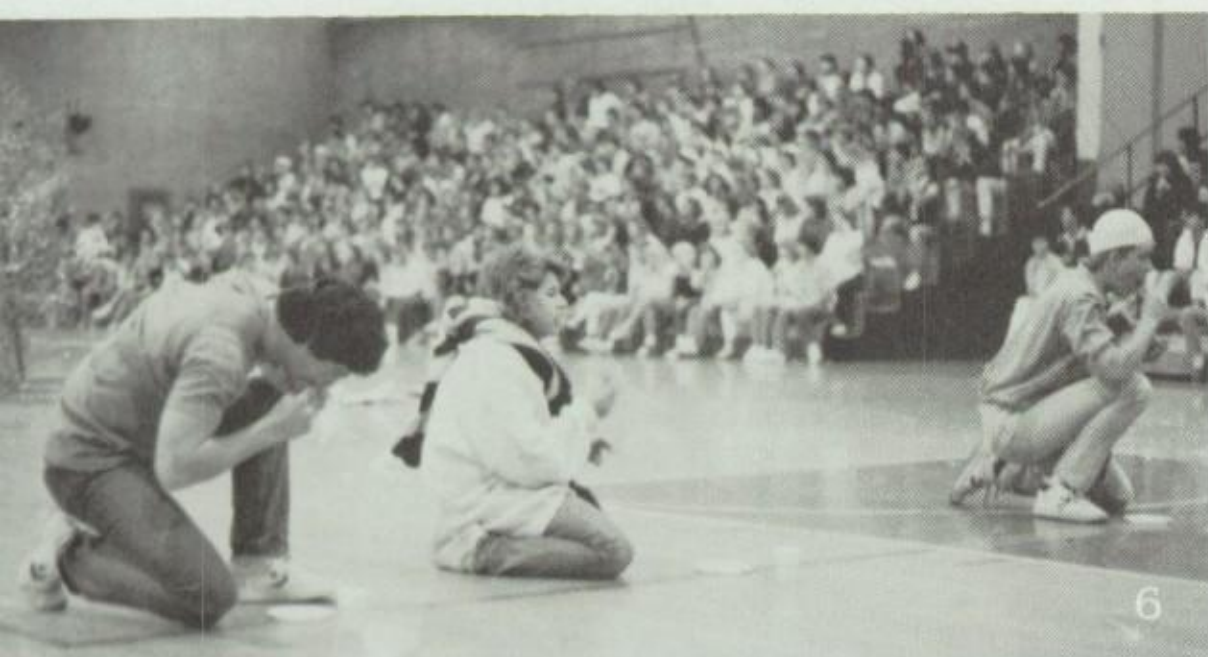

All in all, the Christmas assembly was very entertaining beautiful.

Wise Honor Society owls throw party to welcome members

National Honor Society members gathered on December 9, 1986, to induct the newly-qualified members who were chosen by members of the faculty of SHS. Each new member introduced his or her family to the group before taking the pledge and accepting a pin from one of their advisers, Mr. Jim Bryn. Former teacher and long-time Honor Society adviser here at Sparks High, Mrs. Teddyanna Keele was invited to speak before the group. Refreshments were served, as they are at any good party, when the ceremonies came to a close.

Debate! No way, that's not me. "I'm not smart enough." "It takes too much time." "It's boring."

That's the attitude that most everyone has when they hear the word Forensics.

"It's really an interesting class," said Mr. Harriman, the new Forensics teacher. He has been very enthusiastic about this organization. In 1987-88, there will be a class that goes along with this club called Public Speaking. Anyone needing an English 3-4 credit or even if you don't, may take it.

During the 1986-87 school year, the Sparks High School Forensics Team consisted of seven people. Compared to other schools with teams consisting of 30 and more, we could've used a lot more participation. There are so many different areas that anyone interested should have a section just for them. Such as HI or DI where a person memorizes 10 minutes of a humorous or dramatic play. There's the After Dinner Speaking where a person memorizes a humorous speech that they wrote themselves. Than there's your basic debating and on the spot speeches on thousands of subjects.

So if you just think that Forensics is for the "brains" then you're wrong. Go ahead and try it, you just might like it.

not to Debate!

Flash . . .

The daily high school reporter did a good job this year working with the school activities. Streamline did many interviews and reports on subjects of interest. Students write the stories and do their own bordering and design. Then its off to the shop. The newspaper is only 50¢, but most of the profits made by the sale of the paper go into the making of it. Ultra Graphics is the shop that does the printing of the school paper.

Terminus gets together to party!

Havoc was the word for this year's Terminus staff. The goals were to meet many of the deadlines before they came up, but they fell short and they overran the staff. The other problem was selling ads for the yearbook. Many staffers filled their quota and many didn't. As the class lost a

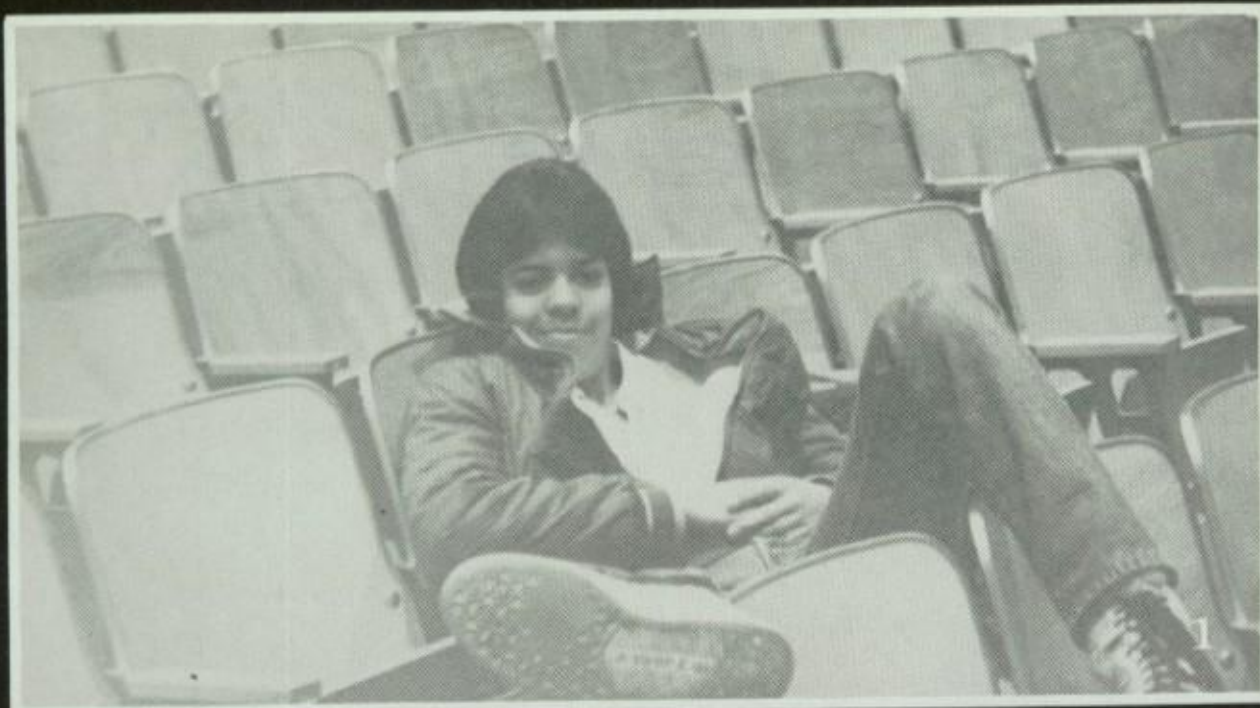

good many people at semester and the oncoming weeks, sometimes the staff felt that they wouldn't be successful in finishing the book of memories. All the staff hoped you liked their definition of "Party Animals of 87". Our editing staff was as follows: adviser, Mr. Gary Furman;

editor; Paul Russell; assistant editor; Earl Roberts, business manager, Christie Eveatt; layout editor, Kathy Rick; copy editor, Bonnie Condor; photo editors, Kevin Acker & Molly Phares; assistant photo editor; Suzi Kuhn. Thank you for the staff's support.

Charg'in with the Mag.

The literary magazine has alot of duties for making it. Many students in this school write stories to be submitted to the magazine. Then the staff reads through the material and then separated it into different sections. Then the section editors read the stories and decide if it was good enough to be into the magazine.

The staff of the literary magazine had to layout the stories, put pictures in, and put borders on the pages so that it makes the magazine look better and after they were done, it went to the printers. Where the staff put the magazine together and Distribute them.

Sing'n for School

Sparks High has three different choir groups to represent the school. Skyfire is the advanced singing group. They were invited by young Americans to represent the entire state of Nevada at their Choir Festival in Hollywood, Calif. Skyfire is not a typical choir group, not only do they sing but dance along with the song "Yankee Doodle Melody" which will be used in competition at Calif. Concert choir is made up of 60 students from Sparks, mostly freshman, this choir is a beginning choir. This choir has done very well and even was invited to KCRL where they made a recording for the Christmas season.

Treble choir consists of all girls. This group did compete at the choir festival where they scored excellent. You people did a rad job.

The Sparks High School Band, taught by Dr. Vaughn, performed for the 1986-87 school year at all Northern Nevada parades, all football and basketball games, pep assemblies and much more. In addition, many students were selected to perform in district Honor Band and All State Band. Several played solos at District Solo Festival and the All State Solo Festival.

The Flagtwirlers are also taught by Dr. Vaughn. It is open to anyone who is interested and you don't have to try out!

These four girls worked on their own mostly to the music of the band. During the 1986-87 school year, they performed at football and basketball homecomings and at two parades.

Deanne Windell commented that she enjoyed it very much and encourages more people to join in future years.

Strings is another extracurricular activity taught at Sparks High. Mrs. Hosfeldt was the teacher this year.

They formed quite a pack of howling party beasts in the stands for home games. They organized rooters' buses to important out-of-town games. Our teams always appreciated the enthusiastic support of these troopers, wearing school colors and helping to fill the bleachers.

Sparks varsity cheerleaders have the animal spirit

Varsity cheerleaders put out new ideas for a successful new year. New dances were created for the wild assemblies that were held in Sparks High's gym. The boys varsity football games were always something to party to because of the outstanding job done by the varsity spirit squad. Dulcy Rosashi says, "I think we worked hard this year. We had our differences but always seemed to even them out." All in all, this year they showed us their real animal magnetism.

The 1986 freshman football spirit squad were wild with excitement at being able to represent their class and Sparks High School. They were wild and crazy and gave alot of themselves to cheering and rooting the team on. Even though attendance at the games wasn't always packed, the girls had a great time whirling and twirling for the freshmen football team.

Block S Animals caught in action

Those animals that go around with the big block S on their jackets must belong to the same herd.

Block S is a club that is opened to all guys who have earned a varsity letter. Unfortunately, the majority don't participate in this club anymore.

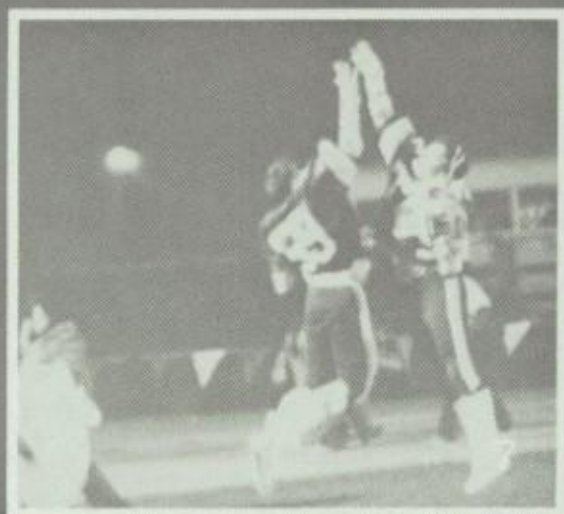

The few that do though are in charge of homecoming activities such as assigning the escorts, getting the queens' crown & locket, and arranging cars for the football homecoming.

This year the class of 56 was celebrating their 30 year class reunion so in honor of this, the cars were 56 Chevys.

"We used to do some fund raisers such as the slave sale and one year even a pig kissing contest." Mr. Olivero says, one of the advisers.

Maybe next year and in years to come, it would be nice to see every guy who has earned a varsity letter to join.

8. Some of the 1987 seniors carry on the tradition of standing on the train.
9. "On your marks, get set, "
10. "Oh my God, I made it!"

Instead of partyin, Serteen helps needy.

FBLA means business!

The Serteen Club's way of partying is helping needy people. This year's president was Mike Sambrano, Vice-president Kelly Brothers and Secretary/Treasurer, Lisa Fisher are advised by George Rogers. They helped the needy by gathering canned goods and they sent knitted hats to small children. Doing these special things are their way of having fun!

1. Officers: Lisa Fisher, Kelly Brothers, and Mike Sambrano.
2. The Serteen banner.

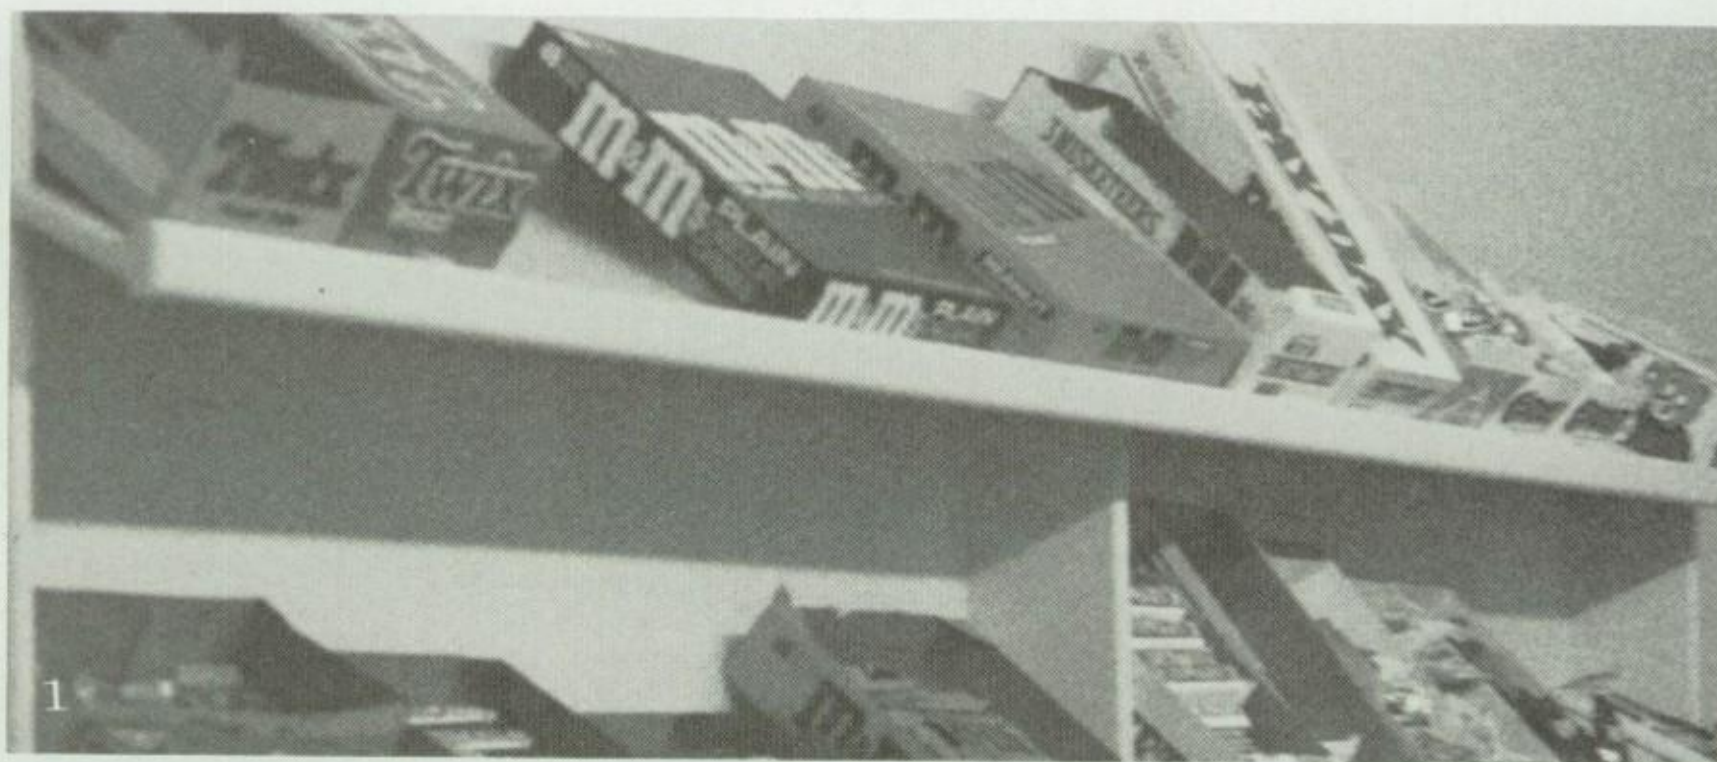

The FBLA (Future Business Leaders of America) got down to business this year. The advisors, Mrs. Wall and Mrs. Garcia had a very helpful crew. The first semester members were President Kim Calhoun, Vice-president Krisey Johnson, Secretary Shawna Waibel, and Treasurer Tina Schmid. Second semester students were President Dave Christy, Vice-president Mike Bennett, Secretary Beki Hillary, and Treasurer Raquel Sugui. The Historians were Shawna Waibel and Tina Schmid. They started off with a "get to know each other" dinner, and also had a salad bar lunch and a pizza party to celebrate FBLA week. Along with all this food and fun they went to the Western Region Leadership Conference and stayed at the Disneyland Hotel. They also did well at the State Leadership Conference held in Reno this year. They are looking for more fun and business next year!

Party with the school store

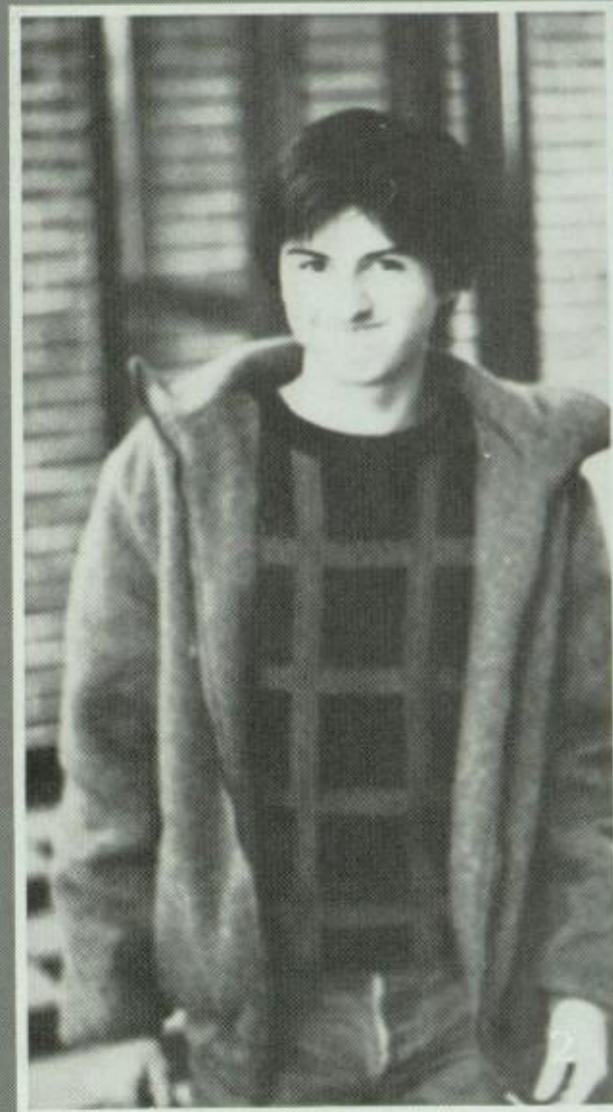

Peanuts, popcorn, get them while they are hot. This year there was a new sight at SHS. It was a student store that was also a class that students could take. Students ran the store under the supervision of Mrs. Cindy Wall. The store sold pop, candy, chips, juices, paper, pens, pencils and SHS sweat outfits. The store was ran during the breaks in between classes and before and after school. The class ran in shifts, if you worked in the morning you didn't have to work for the rest of the day, same went for after school. If you worked during first period you also worked third and fifth period and if you worked second period you worked fourth and sixth.

1. Here's our assortment of junk food so make it quick so you are not late for the party.
2. Kim Nimitz, and Patricia Saunders first day in the student store and the animals of SHS.

J.A. roars to life

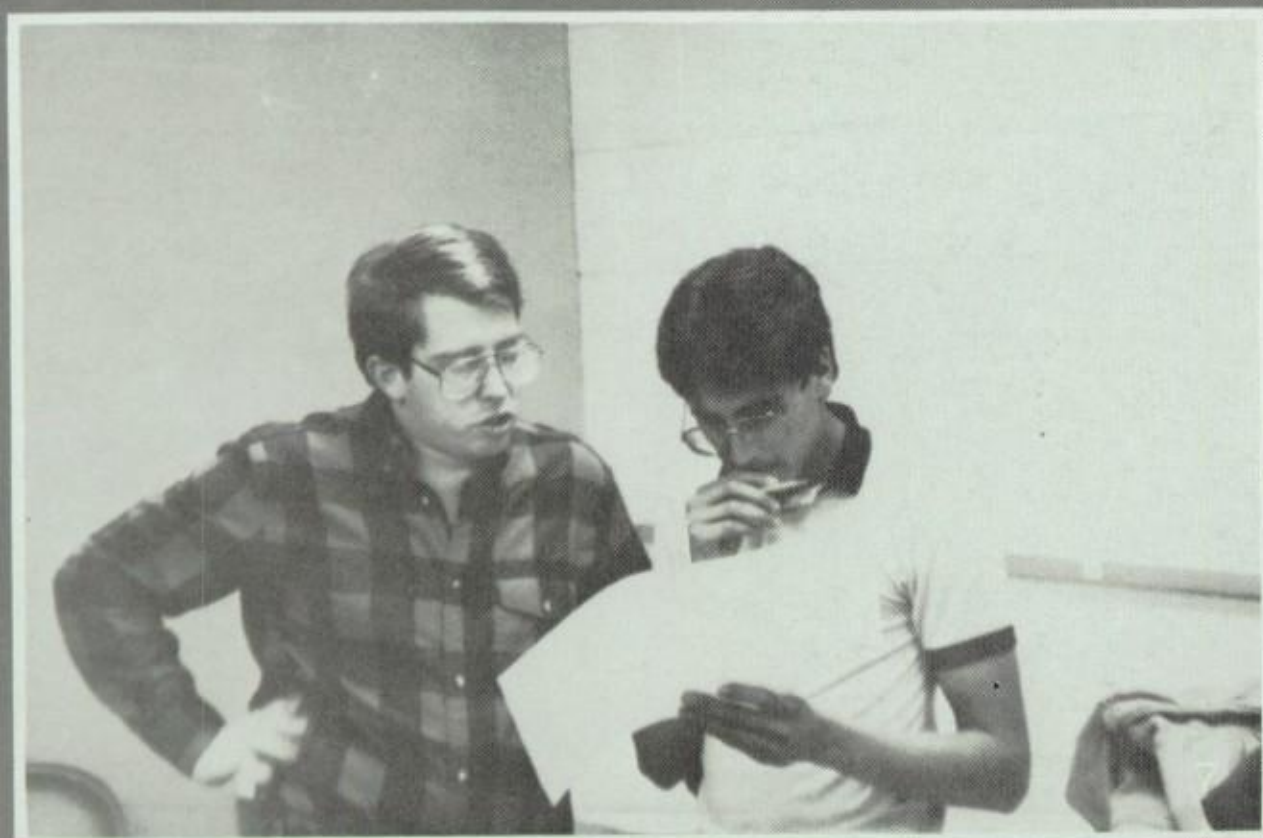

Junior Achievement roared to life with several students from Sparks High, who with their abilities helped their companies achieve their goals, and in the process learned something about business.

Through door-to-door salesmanship they sold things varying from Christmas ornaments at Christmastime to bookshelves and candy at present time.

HERO

dying Clubs

This 1986-87 school year, the Sparks High Yearbook decided to dedicate a layout to some of the clubs that are dying or are already dead at our school.

Many years ago, there were such clubs and classes as the Hero Club, Future Teachers of America, Girls and Boys Gymnastics, Aviation Science, and much more.

These no longer exist and some of our current ones are on their way to extinction such as Block S which used to have much more participation and more active members. Forensics, International Club and Science Club are a few others.

Is it the teachers or the students? Whatever the case may be, hopefully in years to come, both the students and the teachers will become more involved and get this school's clubs rolling once again!

Varsity football animals on the ground

The varsity football team, led by head coach Jim Valline, went for two wins and six losses in the league, and two and seven overall. Though they did not win many games this year, their running game ranked with the best in the state.

Senior running back Dale Moss rushed for 862 yards behind outstanding offensive linemen Bob Kittrell and Dave Weisenburger. Other outstanding offensive players were Scott Jasper, quarterback and Dell Chappell, tight end. Chappel, a senior and co-captain, never dropped one pass in a game. On the other side of the ball, the outstanding defensive player was Les Depoali the other co-captain, who had 57 unassisted tackles on the year.

What an animal! Scott Jasper hangs in there to complete a pass with hawks attacking him. Scott Jasper makes the pitch behind Linemen Mike Freeman and Greg Hare. Coach Jim Valline shows his animal magnetism. Les Depoali and Philip Walker tackle the McQueen runner. The railroader defense roars. The varsity Special Teams lines up to receive a punt.

JV Stampedes its way through the football season

Just as a stampeding party tends to get out of control, the junior varsity football season didn't go as well as the coaches and players would have liked. Outstanding inside linebacker and team captain, Mauricio Carrabis gives 100% on every play. Linebacker Derek Hardy played the run very well. Todd Brown gave the team plenty of excitement by his running ability. Coach Rucker would like to thank Ken Chalk and Tony Juliano for donating their time and efforts to the JV football program.

Herd of partying frosh changes through the season

Sparks High's Freshman Football Team won 7 out of 9 games and defeated Reno, Wooster, and Carson like a group of hungry lions in 1986 and 1987.

Outstanding Party Animals, Jessica Leverett, was the first girl in the state of Nevada to play football, started 7 out of 9 games at right guard. Quarterback, Jim Wegg was the best thrower in the league, and team captain. Defensive end Kurke Dipple, was very strong and quick.

Kristy,
 Hope you

J.V. Volleyball unleashes killer attack

The Sparks High School Junior Varsity Volleyball team charged their way to a successful season in 1986. Led by first year coach Julie Annand the team had a record of eight wins and nine losses. The j.v. squad had many talented and valuable players, one of which was Gabby Gillette. In her second season on the team Gabby was able to spike over most of the players in the league, and she turned out to be one of the best players on the team. Other valuable players were Carrie Johnson, Wendy Moss, and Lorraine Solaegui.

During the course of the season the Junior Varsity team had many hard fought battles against some very good teams. They won in some impressive victories on the road and turned out an extra effort to represent Sparks High.

Soccer team has animal-like defense

The 1986 Sparks High soccer team encountered many problems this year because of grades and injuries, but through it all they still came through with a 6-13-1 record. The soccer coach Mike Riley said that the key to the six victories, and the teams strength was simply, "defense."

The team consisted of many returning players this year, with the most valuable player award going to Rich Brown a senior. The most valuable offensive player was Tom Nguyen while the best defensive player award went to Brad Stout. The most improved player of the year was David Ohnstad.

The team won many big games this year. The most exciting of all the victories was the final game of the season against McQueen. In the two teams previous match up the McQueen Lancers put on an offensive show to beat the railroaders 3-7, but in their final meeting the railroaders defense held on to a tough 3-2 victory to end the season.

Girls party, putt at Wildcreek

The lady golfers of SHS partied through the beautiful fall days on Wildcreek Golf Course as they polished their games. The young team managed a three-win, seven-loss season.

Consistency from tee to green seemed to be their biggest problem as a team. Three golfers, however, qualified to compete in the league's zone tournament. Freshman Blu Morgan, Wendee Imus, and Krissie Riparbelli earned that right to represent the gold and maroon at the zone tourney.

SHS hares run through fields

6

Cross country party animals are a breed that enjoys running and pain. The pain was worth it in most cases as the young members of the teams all saw quite a lot of individual progress through the year. There is only one winner among the many runners of each cross country event. Though SHS didn't have any winners, they saw their finishing places rising each week. Julie McDonald and Cindy Stoneburner did well enough at the zone meet to earn themselves trips to the state finals in Las Vegas.

The party's over here

The Varsity Basketball team had a really encouraging year. The girls all had an overall good attitude and they used their abilities to the fullest. Team captains were Tracy Golden and Wendee Imus. The most outstanding players were Ann Scraeder for outstanding defense, Wendee Imus for teams leading scorer, and Tracy Golden and Shannon McDonald for strong all around players. Coach Cheeney felt that the team was well proportioned because most of the girls have been playing basketball for two years or more. It helped them work better together. And together they made the 1987 season a memorable time.

Girls jump for joy

Larry Moss, the coach of the 1987 Sparks High Girls Junior Varsity basketball team, said that one of the high points of their season was "after losing to Wooster earlier in the season, we defeated them soundly on their own court and continued to play well and together the rest of the season." He went on to say, "the team's strength came from team unity, hard work, and willingness to excell and learn despite the frustrations of a losing season."

The 1987 Basketball team fought through the games. The team captains vary throughout the year. The outstanding players are Dell Chappell for scoring, Scott Jasper for his all around Play-offensively and defensively, and Arron Reterer best rebound. This was a very frustrating year for the Varsity Basketball Team, they had hoped to do better. The outstanding players were David Berry for exceptional court sense to complement his ball handling, Willie Machado was a key to the balanced offense, he provided strong inside play to go with outside scoring. Vicious defense key to a winning season

Like a family of fierce, little animals defending their den, the frosh railroaders relied on an aggressive defense to build a seventy-five percent winning percentage. Their tenacious defense caused their opponents to make mistakes that the team turned into scores when they didn't blow the easy opportunity because it was too wide open.

Hustle played a large part in the team's success. Jim Wegg's ball handling and leadership complemented his tough defensive play. Jim served as captain, along with Rich Scurry. Ross Harden was particularly tough near the basket with his rebounding and shooting touch. Joe Hussey and Brian Retterer also supplied super energy and hustle to the defense to round out an evenly balanced team.

J.V. Baseball tore it up like Tigers this year.

*Christy,
I had a great
year knowing you
were my friend.
Have a great summer
at the track next year!
Love Always,
Gene Meadows #5*

In the first part of the year, head coach Bob Rucker molded an effective team around the returning baseball players. Like Travis Dory, Dean Lenzora, Dane Huzarski, Scott Burnett, help show some of the newcomers the techniques of last year's season. With the re-

turning players at hand, the JV baseball team has done extremely good job over the season. Jim Wegg did a good job playing short-stop. Gene Meadows through some very good games during the season this year. Good job to all and better luck next year.

The 1987 boys track team had many good people on it, but in the 400 meter run, Arron Retterer really stood out. He was one of the best 400 meter runners in the country. Other outstanding events were poll vaulting, with Brice Cocanour, and the discus throwing with Mike Freeman and Dale Moss. All and all the whole team did well.

IN MEMORY OF KURTIS TODD ROBERTS

As far back as I can remember Kurtis always had to be where the action was, he got involved any way he could. This never changed, when he started here at Sparks High, he was the Freshman Class President. He worked at what he wanted, and one of the important things to him, was his sports. He pitched for the J.V. Baseball Team and was an asset to the Freshman and J.V. Football Teams as quarter-back.

Kurtis was a very caring person and other peoples feelings meant a lot to him. A memory was shared with me that I would like to share with you. When Kurt was 5 years old, he started Boxing, he won his very first match with no problems, at the end of the match, when the referee raised his arm as the winner, Kurtis noticed his opponent was crying, and he started to cry also. When his mother asked why he was crying, his reply was, "Because he is crying. I didn't mean to hurt him." His mother informed him that he didn't hurt the boy, he was just upset because he lost. The good sport Kurtis was, he went over to the boy and said, "Good Match."

Although we all have our own special memories, I think we would all agree that Kurtis was a very caring, sensitive person with a sunny smile. His great sense of humor kept us all laughing, and he had many, many friends.

Tragedy is fate of those who never begin to fully experience life. In this case, where the quantity is short, life must be measured by quality. In this respect, Kurtis was a person of many qualities that touched many of our lives. Whether it was his winning smile, his athletic ability, his great sense of humor, or just the very special person he was, he reached out and touched our hearts. Now he has left memories to each of us, that shall never be forgotten. He would want us all to remember him and be as happy as he was. Without a doubt, he wouldn't want it any other way.

Christa,
I'm glad I met you. And I hope you had a
super year. Even a better summer. It's so
bad that we didn't have any classes
together but, maybe next year. Well
I hope you have a fun and partyful
summer and if not well. Just
think next year
you'll be a upper
class-man. fun
Ha! Well ~~take~~
Take life easy
and don't work
to hard. See you
next year.

"89" Kevin

As adviser to the *Terminus* staff, I can only hope that this apology may not be necessary as you are reading this. We began the year with thirty students in the production class. The year ended with a staff of twelve struggling to meet the deadlines that would have ensured your book's arrival before graduation in the spring. Even a staff of twelve would have been adequate had each member accepted the challenge and fulfilled his or her own responsibilities. That did not happen, however; and your book may have arrived late as a direct result. The rush, which came too late, to get the book off to the printers resulted in page design and overall quality that

was less than you, the students of Sparks High, deserve.

I would like to thank those few students who are ultimately responsible for your receiving the yearbook, late or not. Because the yearbook staff is very literally a team, I will not single out these individuals, just as I will not identify those people who let us all down by not fulfilling their responsibilities. I hope that, if nothing else, these people will realize how humiliating it can be to fail at a task which others were depending on them to complete for the ultimate enjoyment

of the entire student body. Perhaps they will have learned a lesson through taking the publications class.

Again, I apologize for the staff and myself as its adviser. If your book did arrive late, it was my fault; but, so long as I am the adviser, I will not do the work of the students. I will aid and teach the staff members all they wish to learn, but the yearbook is a book by students, for students. Those same students need to teach themselves a sense of responsibility. It could serve them well.

Gary Furman, adviser
